### Safety

Welcome to the excitingly erotic world of MiaMaxx, where new experiences and sensations are waiting. Please read carefully before you fire up your MiaMaxx as there are a few safety precautions you need to be aware of:

#### 1. Your MiaMaxx will start on the slowest setting.

It is a powerful thrusting toy, so start gently and work up to the faster deep settings.

#### 2. Do not submerge MiaMaxx in water.

It's splash-proof but not fully waterproof, so don't take it in the bath or shower. It can be washed down for cleaning but be careful to keep the charging port protected.

#### 3. Use MiaMaxx with care.

We have tried to make your MiaMaxx the ultimate pleasure device with its long powerful strokes; however, if handled without care during or after insertion, it has the potential to cause pain to yourself and/or others with who you are sharing the MiaMaxx experience. Therefore, use this toy with care. Having said that, you can have a whole lot of fun, so enjoy!

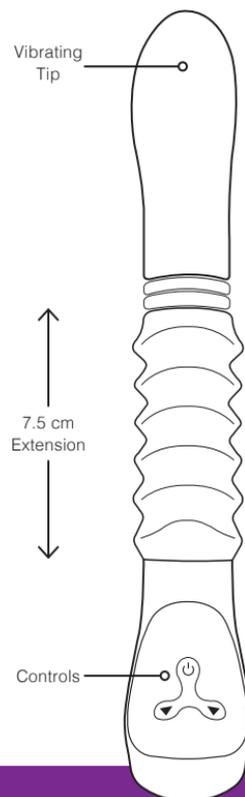

MiaMaxx will stop thrusting if there is too much force used, but don't worry, this is a safety feature. Simply press the On/Off button and it will reset MiaMaxx, so you can keep playing.

### Overview

MiaMaxx is a unique and revolutionary pleasure device with its easy to grip ergonomic handle and sleek dolphin-like shape. When you switch on MiaMaxx and it starts moving with long powerful thrusts, you will feel the full 7.5 cm (3 inches) of travel moving deep inside. That erotic feeling of being pleased by a strong thrusting lover will feel real.

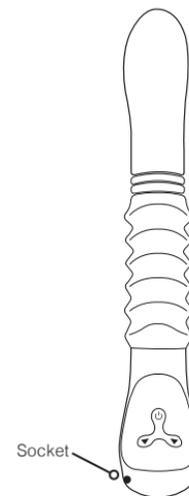

MiaMaxx has a strong vibrator at the tip with multiple speeds and combinations to please your mood.

The thrusting speed is controlled with a single button press to give you slow, medium or orgasm, and that's pretty fast.

### Charging

1. Insert the DC jack plug into the socket at the bottom of the toy.
2. Insert the USB connector into an available USB socket eg: Computer, TV, Phone Charger, etc
3. Wait 1-2 hours for full charge.

## Cleaning

Cleaning / Care

Always give MiaMaxx a thorough clean before and after use.

You can do this with antibacterial spray. Clean around the body and tip, as well as between the extendable ribs of the mid area.

Avoid getting water in the charging port.

Dry with a lint free cloth or towel.

Only use water based lubricants with the MiaMaxx device as silicone based lubricants may leave the device feeling tacky.

Avoid exposing MiaMaxx to direct prolonged sunlight and/or extreme heat.

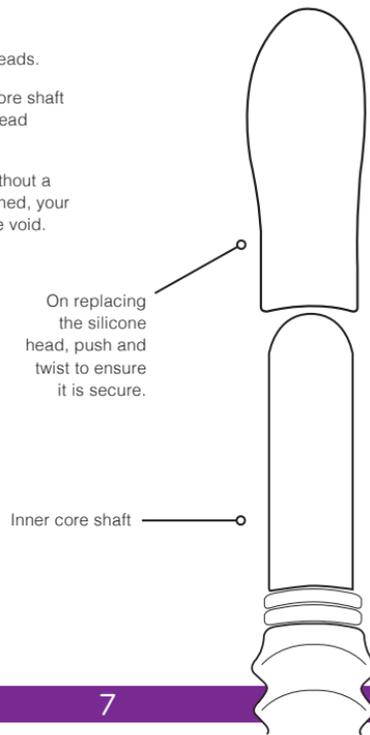

6

## Interchangeable Heads

Only use MiaMaxx heads.

Do not insert inner core shaft without a MiaMaxx head firmly attached.

If product is used without a MiaMaxx head attached, your warranty will become void.
